

FISCHBEIN®

Model 400 PRO™

Plain Sew

Fischbein Model 400 PRO™

The Fischbein Model 400 PRO™ is an affordable, entry level sew system that provides a cost-effective solution for the most demanding production environments. Operating at adjustable speeds up to 55 linear feet per minute, this heavy-duty system is easy to operate and delivers quality performance at speeds twice as fast as handheld portable bag closers.

EVERYTHING IN BAGGING EQUIPMENT™

Fischbein® Model 400 PRO™

Plain Sew

400PRO

FEATURES

BAG TYPES

Closes a variety of pillow style or gusseted bags, including multi-wall paper, laminated and non-laminated woven polypropylene, and jute.

EMPRESS 100 SEWING HEAD

With its self-lubricating system, the Empress 100 delivers trouble-free, smooth performance with low vibration. Operating speed is adjustable from 35 to 55 linear feet per minute.

COMPACT PEDESTAL DESIGN

Mobile, adjustable-height pedestal with casters and leveling jackscrews can be easily integrated into any manual bagging line.

SWING FEATURE

Fischbein's exclusive sewing-head swing feature makes threading the 400 PRO™ a snap, and provides full access for cleaning and easy head removal.
